The figure displays two geological columns side-by-side, separated by a vertical line. The left column is labeled "Thn" at the top and shows thicknesses in meters (m) on the left y-axis. The right column is labeled "Gn Ms Gls, A" at the top and shows thicknesses in meters (m) on the right y-axis. Both columns use a grid system with major ticks every 10 m.

Left Column (Thicknes in m):

- Top section: 0-10 m (red line)
- 10-20 m: 5.7 m (red line)
- 20-30 m: 10 m (red line)
